

Square pattern shown in Marine MA15 (face panel) and Sea Salt SE57 (back panel)

Pixel

Wall Panels

Pixel is a double-layer acoustic wall covering with precision patterns cut into the outer layer to reveal the second layer beneath. Adding depth, texture, pattern, color, and sound absorption, these soundscaping elements work together to make quiet beautiful. Choose any two colors from the Acoufelt palette to create your Pixel pattern.

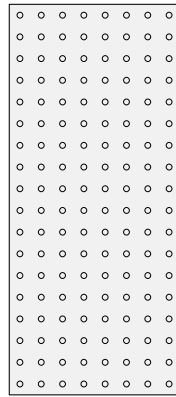

PRODUCT FEATURES

- Offered in 14mm and 24mm
- 5 repeatable patterns
- NRC Rating: 0.45 - 0.60
- Made from 60% min. recycled content
