

Naturals Collection

Planet-friendly quiet

Durable, renewable, and compostable, raw wool fibers are intrinsically sound absorptive, flame-retardant and readily bonded to dyes, resulting in richly saturated, fade-resistant colors. The Acoufelt Naturals Collection makes the most of these qualities with a curated collection of 21 hues, each with the subtle texture and variation only achievable with 100% natural wool.

Below: Indigo, Shell, Tapenade, Zest, Fog, Cliffside, Ash;
Right: Solid Wall Panels in Tapenade; Lower right: Truss Ceiling Baffles in Thicket
